## SUMMARY

Dedicated 4th-year BSIT student seeking a web development internship to apply skills in Java, Spring Boot, and ReactJS while learning from industry professionals and contributing to real-world projects.

## TECHNICAL SKILLS

**Programming / Web Development:** Java, Spring Boot, ReactJS, HTML, CSS  
**Database / Tools:** SQL, PostgreSQL, GitHub, Railway  
**UI/UX / Design:** Figma, UI Wireframes, Canvas, UI/UX Optimization  
**Security / Others:** Spring Security, OAuth

## PROJECTS

### BusMate - Online Ticketing System | Completed: December 2025

- Developed a web-based bus ticketing platform featuring user registration, real-time seat selection, secure payments, and QR-coded e-tickets.
- Implementing responsive UI, search routes, select seats in real time, pay securely, and receive QR coded e-tickets for smooth, contactless boarding.
- The system also provides an admin dashboard for operators to manage routes, schedules, buses, and view analytics.

### Software Project Management Plan Evaluator | Partially Completed - December 2025

- Building a document-based evaluation system with scoring logic, file uploads, and planned AI-assisted analysis.
- Creating submission forms and an admin dashboard for reviewing results and generating reports.

## TRAINING

AWS Academy Graduate — Cloud Foundations  
AWS Academy Graduate — Cloud Architecting

## EDUCATION

### Bachelor of Science in Information Technology

Cebu Institute of Technology - University (CIT-U)

Expected Graduation: May 30, 2026

## CORE COMPETENCIES

- Problem-solving
- Collaboration
- Communication
- Time management
- Adaptability
